

# ROLLING LANE CLOSURES

## Westbound & Eastbound Century Boulevard at Concourse Way

Friday, May 10 at 10PM through Saturday, May 11 at 12PM (14 hours)

### ACTIVITY

To facilitate roadway striping for the Roadway and Utility Enabling (RUE) Project, rolling closures will be in effect on Century Boulevard at Concourse Way beginning Friday, May 10 at 10PM through Saturday, May 11 at 12PM. Rolling closures will impact up to three westbound lanes or three eastbound lanes (work will not occur on both sides of the street at the same time).

At least one lane of traffic in both directions will be maintained at all times, including access to all local businesses and driveways. Access to and from Concourse Way will be maintained at all times from both directions with the following exception:

*During off-peak overnight hours, the westbound Century Boulevard left-turn pocket to southbound Concourse Way will be unavailable for approximately 30 to 60 minutes while striping work is performed at the intersection. When this turn pocket is closed, a U-turn will be available at Aviation Boulevard to reach eastbound Century Boulevard / Concourse Way.*

Flaggers and signage will be in place to assist with wayfinding and maintenance of traffic. Please use caution when traveling near construction areas and plan ahead for potential delays.
